A SPRING AND SUMMER SHOE SHAPE.

Southern Ties!

An admirable shape in Shoes and a favorite with many middle aged and old gentlemen for Spring and Summer Wear. Easy to alip on, easy, too, to the foot when within. We have them in fine Dongola and Kangaroo Leathers, either of which have strong points to recommend them. One may pay his money and take his choice. Here is an excellent line of Southern Ties, to which we desire to direct attention. The uppers are cut from A No. I Kangaroo Skina, light in weight, soft and yielding to the touch, and possessed of greater strength of grain than any other known light weight leather. These Shoes are made over latest improved French Toe lasts—a pleasing shape and a most desirable one if the foot one has be afflicted with a corn, a bunion, a sensitive joint, or tenderness. Strong counters are in them—won't easily turn over or break down and pull the fronts out of shape. The best brand of sole leather only is used in the bottoms, inner and outer; are very faxible—not stiff and unyielding in wear, yet they are strong for service. These Shoes are thoroughly well made throughout—not skimped or slighted in any way. Need only be seen to be liked. The price is right; it will make buyers. A word more as to the qualities of Kangaroo Leather. It does not stretch and got out of shape as do all soft leathers; is impervious to dampness, and takes kindly to either box blacking or bottle polish when either is required to dress it. It is lighter than caliskin—stronger and tougher for service—will outwear caliskin of equal weight two or three times over. Practical tests prove this.

Southern Ties in Dongola Leather. See these, Price them. Try them. This tends the correct of the calietes of them. Try them. This tends these, Price them. Try them. This tends these trade mutually satisfactory.

MUSLIN UNDERWEAR.

Ladies often hesitate to purchase Muslin Underwear because the Garments they wish are often small, short or not well made, the Manufacturer using 3-Cord Thread and Chain Stitch, especially in the tucking. When such a Garment is purchased it is not cheap at any price, as it never gives satisfaction.

We call your personal attention to the celebrated "W" Brand Muslin Underwear, made entirely, "tucking and all," on lock-stitch machine, 6-Cord Thread, both upper and under; are full size, in length and width, and made of good muslin and fine cambric. The Skirts and Drawers have the yoke band, and are, in every respect, well made goods.

Our assortment is now complete, and your inspection is solicited.
